BAIS YAAKOV MACHON CHEN

We have made it our goal since our foundation, to offer our students the highest חינוך standard based on תורה, השקפות according to the principles, which worldwide are aimed by all בית יעקב schoolsystems. Our students leave Bais Yaakov Machon Chen with deeply anchored יראת שמים, אהבת תורה and אהבת הבריות.

Following the guidelines of the רבנים שליט"א, Bais Yaakov Machon Chen strives to provide its students with the highest level קודש and חול studies.

Since most of Bais Yaakov Machon Chen students marry בני תורה and contribute to their family's פרנסה, students are provided with tools to enter the workforce.

DAS B.A. PROGRAMM

UNTER DER LEITUNG VON FRAU H. WEISZ

WHAT IS A B.A.?

The B.A. (Bachelor of Arts) is an internationally recognized degree that can be acquired after completing prescribed courses. These courses are designed to provide a basic understanding in diverse categories of several subjects. Each subject earns points, called credits, based on the number of hours of instruction and the prerequisites required by the course. A total of 120 credit points is required for a B.A.

WHY A B.A. FOR MACHON CHEN STUDENTS?

The BA. title is required worldwide as a general training standard, in America, in Switzerland as well as in the rest of Europe and in ארץ ישראל. It enhances positions in all branches of industry: economic, educational and academic. It also gives the employee a higher base salary. At the same time, it is important to note that the B.A. is not a specific vocational training.

After consultations and with the הסכמה from רבנים שליט"א, we decided to offer our students the opportunity to acquire a B.A. degree. It is our goal to make this training possible in an absolutely Jewish setting. From 2015, state-recognized apprenticeship training is also compulsory for Jewish schools. The pedagogical College in Zurich offers a special course for Jewish teachers. A completed BA as offered by Machon Chen is a prerequisite for admission to this course of study.

HOW CAN A MACHON CHEN STUDENT ACQUIRE A B.A. ?

Points can be earned either through class instruction or external exams. The pupils must successfully complete a course of study in various required categories. The total number of these courses corresponds to 120 points.

MAALOT - YERUSHALAYIM

To help our students earn the B.A. diploma, we entered a partnership with Maalot - Yerushalayim. Maalot has branches worldwide, in ארץ ישראל, America and Europe. Maalot's curriculum in חוץ and קודש has been evaluated by PONSI (National Program on Noncollegiate Sponsored Instruction) and accepted by them as college level studies.

Machon Chen is an accredited branch of Maalot- Yerushalayim and our students can therefore earn credits from חוץ and קודש courses while attending regular classes.

During the two-year Machon Chen program, the B.A. Student can acquire approx. 105 of the 120 credit points. The remaining 15-20 credit points can be achieved through independent work, external exams and a diploma thesis.

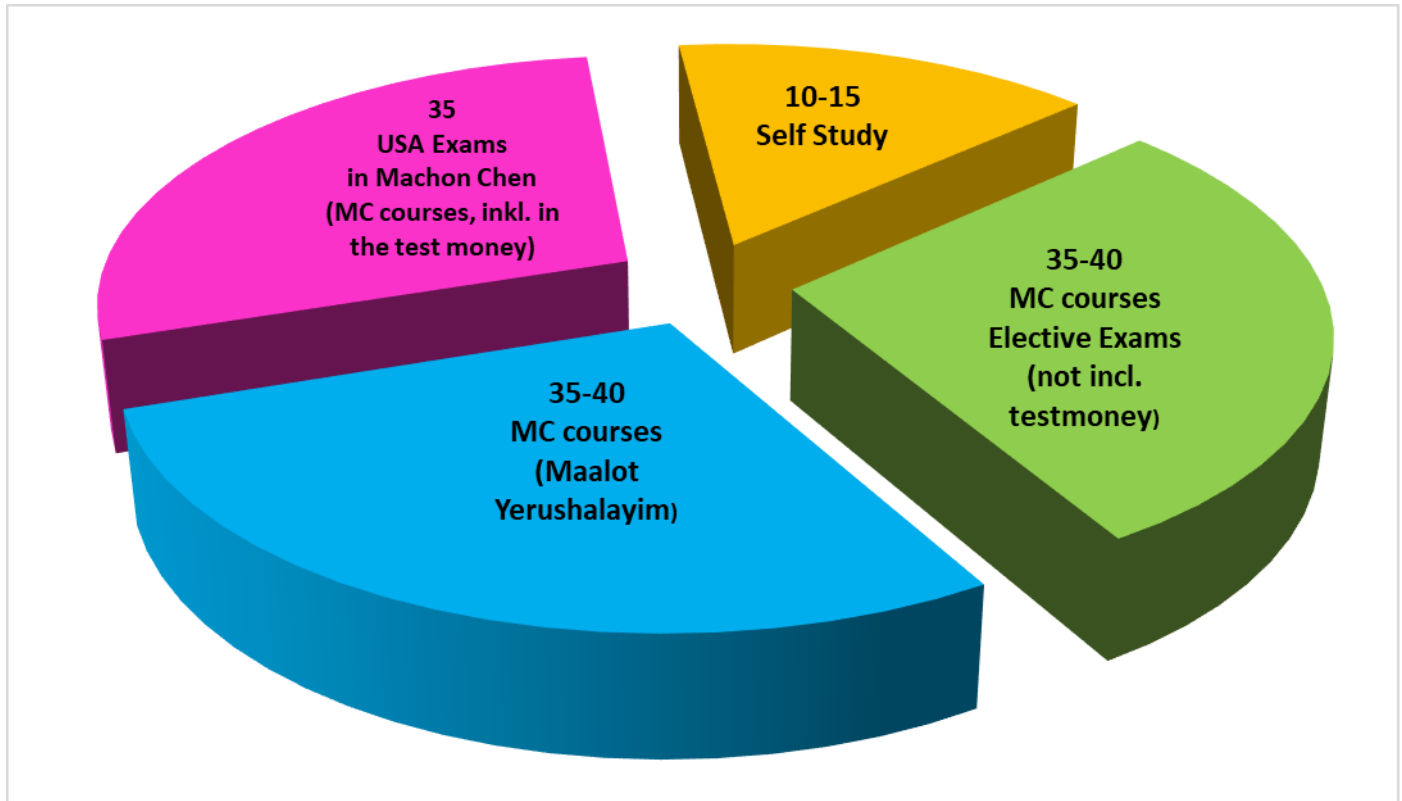

THOMAS EDISON STATE UNIVERSITY

Maalot Yerushalayim does not offer its own B.A. Diploma, the title is awarded by Thomas Edison College in New Jersey. This college was founded in 1972 by the New Jersey Board of Higher Education to provide adults with quality education outside of traditional universities. The Thomas Edison Degree is accredited by the Association of Middle States Schools and Colleges and is valued by employers and higher education institutions.
